Cherinet Asrat

PROFILE

Computer Science graduate with attention to detail and hands-on experience in software development, database management, and web development. Developed a Land Information Management System (LIMS) for Mattu City Administration that improved the speed and security of land recording. Seeking a junior developer position where I can apply my technical skills and contribute to cutting-edge projects.

PROJECTS

Land Information Management System (LIMS)

2024 – 2025

Mattu City Administration · Fullstack Web App

- Digitized land record management for a city administration, replacing manual paper workflows.
 - Improved processing speed and data security of land registration records.
- Built frontend with HTML, CSS, Bootstrap and JavaScript; backend with PHP on Apache server.

HTML/CSS Bootstrap JavaScript PHP Apache MySQL

EEU Infrastructure Protector

2024 – 2025

Ethiopian Electric Utility (EEU) · Utility · Full-Stack · Multilingual

- Built a full-stack web application that digitizes electricity service requests, infrastructure damage reporting, and field operations management — replacing paper-based workflows.
- Implemented role-based authentication to manage distinct access levels for field agents, supervisors, and administrators.
- Delivered full multilingual support in English, Amharic (አማርኛ), and Afaan Oromoo via i18n internationalization.

React Node.js Express MongoDB i18n Role-Based Auth

EDUCATION

BSc in Computer Science

2022 – 2025

Mattu University

GPA 3.40
